

# PROTOLANG 2

19-21 Sep 2011, Toruń, Collegium Maius, Fosa Staromiejska 3

| Mo 19 Sep 2011 ROOM 307 |  | Tu 20 Sep 2011 ROOM 307 |   | We 21 Sep 2011 ROOM 307 |  |
|-------------------------|--|-------------------------|---|-------------------------|--|
|                         |  | 9:30 - 10:30            | Chair: W. Cowart<br><b>Invited lecture:</b><br><u>Katie Slocombe</u><br><i>Vocal communication in chimpanzees</i>   | 9:30 - 10:30            | Chair: K. Slocombe<br><b>Invited lecture:</b><br><u>Juliane Kaminski</u><br><i>Do dogs get the point?</i>                    |
| 10:15                   | CONFERENCE OPENING   |                         |   |                         |  |
| 10:30 - 11:30           | Chair: S. Wacewicz<br><b>Invited lecture:</b><br><u>John Gowlett</u><br><i>Language Beginnings – a view from the early archaeological record</i>                                       | 10:30 - 11:00           | <u>Jordan Zlatev et al.</u><br><i>Understanding communicative signs by children and chimpanzees</i>   | 10:30 - 11:00           | <u>Magdalena Babiszewska et al.</u><br><i>Relationship between voice characteristics and masculinisation in women</i>        |
| 11:30 - 11:50           |  | 11:00 - 11:30           | <u>Eva Luëf, Annemarie Peltzer-Karpf</u><br><i>Developmental change in gesture production and comprehension in gorillas: indications of ritualization</i>             | 11:00 - 11:30           | <u>Martin Bachwerk, Carl Vogel</u><br><i>Perceiving success in language evolution</i>  |
| 11:30 - 11:50           | COFFEE   | 11:30 - 11:50           | COFFEE  | 11:30 - 11:50           | COFFEE   |
| 11:50 - 12:20           | Chair: L. McCrohon<br><u>Dorota Lipowska</u><br><i>A multi-language state in the naming game on adaptive weighted networks</i>   | 11:50 - 12:20           | Chair: J. Zlatev<br><u>Elainie Madsen et al.</u><br><i>A developmental increase in susceptibility to contagious yawning in chimpanzees: an expression of empathy?</i> | 11:50 - 12:20           | Chair: J. Kaminski<br><u>Andrzej Pawelec</u><br><i>Hermeneutic pressure: a necessary aspect of language evolution</i>        |
| 12:20 - 12:50           | <u>Olaf Witkowski</u><br><i>A two-speed language evolution: exploring the linguistic carrying capacity</i>   | 12:20 - 12:50           | <u>Sylwester Orzechowski</u><br><i>Interaction of adaptive behaviour in dyads</i>   | 12:20 - 12:50           | <u>Waldemar Skrzypczak</u><br><i>Reading conceptual landscapes in aboriginal Australia</i>                                   |
| 12:50 - 13:20           | <u>Maciej Pokornowski</u><br><i>Psychological reality of construction grammar: evidence from psycho- and neurolinguistics. Implications for the study of the evolution of language</i> | 12:50 - 13:20           | <u>Daniela Lenti Boero et al.</u><br><i>Gesture decoding in Moroccan immigrant in Italy: a pilot study</i>  | 12:50 - 13:20           | <u>Anna Jaskólska</u><br><i>An evolutionary perspective on onomatopoeic expressions in conversational interaction</i>        |
| 13:20 - 15:00           | LUNCH BREAK  | 13:20 - 15:00           | LUNCH BREAK   | 13:20 - 15:00           | LUNCH BREAK  |
| 15:00 - 15:30           | Chair: J. Gowlett<br><u>Luke McCrohon</u><br><i>Cultural coadaptation in a holistic protolanguage produces preadaptations for the emergence of syntax</i>                              | 15:00 - 15:30           | Chair: D. Lenti Boero<br><u>Francesco Ferretti, Ines Adornetti</u><br><i>Why spatial navigation is involved in the origin of language.</i>                            | 15:00 - 15:30           | Chair: P. Żywicznyński<br><u>Szymon Marciniak</u><br><i>Evidentiality – a primitive or sophisticated feature of language</i> |
| 15:30 - 16:00           | <u>Wayne Cowart et al.</u><br><i>Proto-combinatorics</i>   | 15:30 - 16:00           | <u>Maria Grazia Rossi</u><br><i>Against identification of language change and language evolution</i>  | 15:30 - 16:00           | <u>Zbigniew Bulecki</u><br><i>What does Computer Mediated Communication reveal about language?</i>                           |
| 16:00 - 16:30           | <u>Przemysław Żywicznyński, S. Wacewicz</u><br><i>Between cooperation and aggression: a case for the evolutionary approach to the study of politeness</i>                              | 16:00 - 16:30           | <u>Francesco Ferretti, Erica Cosentino</u><br><i>Protolanguage as protodiscourse</i>  | 16:00                   | END OF CONFERENCE  |
| 16:30 - 17:00           | <u>Joel Parthemore</u><br><i>The genesis and evolution of concepts within the evolution of cognition</i>   | 16:30 - 17:00           | <u>Keelin Murray</u><br><i>Musical protolanguage put to the test</i>  |                         |  |
| 17:00 - 17:20           | COFFEE   | 17:00 - 17:20           | COFFEE  |                         |  |
| 17:20 - 18:20           | <b>Invited lecture:</b><br><u>Adam Kendon</u><br><i>How can we account for the incorporation of forelimb actions into utterance production from an evolutionary point of view?</i>     | 17:20 - 19:20           | Chair: N. Uomini<br><b>Discussion panel:</b><br><i>TRACES OF SYNTAX</i><br>W. Cowart<br>J. Gowlett<br>A. Kendon<br>K. Slocombe<br>J. Zlatev                           |                         |  |
| 19:30                   | Informal gathering<br>Tables booked at <i>Pierogarnia Toruń</i><br>Most Pauliński 2/10   | 20:00                   | CONFERENCE DINNER<br><u>Hotel Gotyk</u><br>Piekary 20   |                         |  |
